The Rudolph Matas Library of the Health Sciences serves the School of Medicine, School of Public Health and Tropical Medicine, Tulane National Primate Research Center, and Tulane's Hospitals & Clinics. Borrowing privileges are extended to faculty, students and staff of Tulane University, Tulane University Hospital & Clinic, and LSUHSC-New Orleans.

In the library you will find journals, books, and study space

Journals: organized alphabetically.

Books: organized by call number on the book spine.

Study Space: 1 Classroom, 5 study rooms and 288 seats for laptop studying.

Reserve study rooms weekdays up to 24 hours in advance for 3+ people.

Off-Campus Access

Use the library website for remote access to licensed e-journals, e-books, databases & library services.

Use Tulane technology account (user name and password) to login.

Do not use the "@tulane.edu" in your user name.

The Commons Area is available for socializing and study.

24/7 Access: Computers, printers, scanners, standing desks, lockers, group study, phone charging station, VTS machine. 10 computers have SAS, SPSS, STATA & ARC-GIS, priority use for public health students. Use Tulane Splash Card for after hours entry. This is a quiet study area.

Interlibrary Loan (ILLiad system):

Use to request articles or books NOT available from Tulane.

First time users must register online using their Tulane username and password.

TU Link Select TU Link to locate full-text, check the catalog, and request items from interlibrary loan.

If you can't find it: request a purchase or use interlibrary loan.

Subject Guides: Use to locate online resources by specialty.

Library Catalog: Use to search for a specific book or journal title. A link appears in the catalog record when an online version is available.

History & Archives: Resources from the late 19th and early 20th century. Ask for assistance. Most resources are in online finding aids. Materials may be restricted to in-house use only.

Printing/Scanning: B&W printing: 10¢/page; Color printing: 70¢/page; Scanning: free. Use TU ID for printing; add funds via VTS machine.

Key Resources for Health Sciences

 = mobile app available

-  • **AccessMedicine:** online medical textbooks
 - **Biological Abstracts:** life sciences and biomedical research
-  • **BrowZine:** personalized, browsable scholarly journals
 - **Cochrane Library:** evidence-based systematic reviews, meta-analyses and clinical trials
 - **ClinicalKey:** online medical textbooks & journals
 - **CINAHL:** nursing & allied health journal articles
-  • **DynaMed Plus:** evidence-based clinical topics and drug summaries
 - **EMBASE:** MEDLINE, international drug research, health policy and management, biotechnology, biomedical engineering
 - **Gideon:** global infectious disease and epidemiology
 - **Jove Science Education:** videos of basic lab procedures
-  • **IBM Micromedex:** evidence-based drug information, drug interactions, IV compatibility, NeoFax & Pediatrics, and clinical answers
 - **OvidSP:** MEDLINE, Global Health, HealthStar
-  • **VisualDX:** visual clinical decision support system
 - **UptoDate:** evidence-based clinical topic summaries. Available in Tulane Hospital and Clinics and the School of Medicine only
 - **PubMed@TU:** biomedical journal articles (MEDLINE)
 - **Psychiatry Online:** practice guidelines, DSM Library, *Textbook of Psychiatry*, full text psychiatry books and journals
 - **Springer Protocols:** laboratory protocols
 - **Web of Science:** interdisciplinary search, impact factors, metrics
